

Hi All,

I am forwarding this seminar that I found it to be very informative. It explains the differences between the first PPP Loan/Grant Program and the current PPP Program from the SBA associated with the last round of federal funding. It explains the rules for 1st and 2nd draws and the revenue reporting changes to sole proprietors and 1099 businesses. It also shows you a loan calculator that includes the 3.5x for hospitality industry companies and 2.5x for other businesses. Please take a look because now is the time you should be applying for the first time or a second PPP Loan. Let me know if you have trouble accessing the video as it is a large file.
